DESIGN AWARDS
WINNER 2020

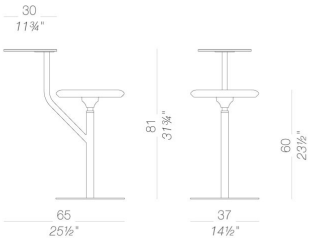

Two products in one: a stool and a side table. Two value-added features: comfort and functionality. It was born generous, attentive and dynamic. You could call it a friend, one of the family. It was born double, like the double “A” in its name. AARON, a stool and a table all in one. It is an elegant and functional solution for all contexts, reducing space and valuing privacy. It has an embracing seat and a metal core which gives rise to a column that becomes a swivel tabletop. At different heights, with or without a footrest, AARON is the ideal solution for all work, meeting and relaxation needs. The designers who started this small revolution in the world of Lapalma stools are the Venetian brothers PIO&TITOTOSO. A story of complicity and understanding. A dual story. A great idea.

Istruzioni di uso e manutenzione

Clean all parts in wood, leather, fabric and metal with a damp cloth or a diluted neutral cleaner. Do not use cleaners with alcohol, bleach, solvent or abrasive products. Any liquid spilt on the product must be wiped up immediately.

When lifting or moving the product, hold it on the structure and not under the seat. The product should not be subjected to unbalanced weights, as it is designed for a proper rest on the foothold (on four legs or on the base).

Avoid any improper use of the product: do not step on the product, on the footrest or on the armrests. Do not expose the product to weather conditions or atmospheric agents, nor to heat sources over 40°C. Also products for outdoor use could be afflicted by atmospheric agents.

An appropriate and frequent maintenance and cleaning of the product enhances its durability. The product could change colour and shade, if exposed to direct sunlight. Once the product has been dismantled, the product itself or its components must be given to the public garbage disposal system, according to the legislation in force.
