ADD

Francesco Rota | 2014, 2016

Three letters and creativity takes shape. It arranges, detaches, changes and has fun. Introducing the ADD seating system, which elegantly meets the needs of contemporary work environments and space sharing. It is also an international award-winning success. Comfortable and versatile, the basic seating represents the first syllable of a language that speaks to different worlds. Two furniture elements can create a sofa. In a line, internal and external backrests join and separate tiny communities, with small tables and accessories for tablets and notebooks included in the composition. Countless combinations, a circle that encompasses the extremities of a meeting.
