HAWI

Mario Ferrarini | 2024, 2025

The collaboration between Lapalma and Mario Ferrarini continues with favorable winds, as demonstrated by the expansion of the HAWI collection, first launched at the Salone del Mobile 2024. Characterized by a timeless and essential aesthetic, in line with the other offerings in the Lapalma catalog, HAWI introduces an intriguing twist through the vibrant contrast between the solidity of the frame and the graceful backrest, which, while seamlessly integrated, becomes lighter in its design. Presented in 2024 as a chair, stackable and extremely versatile, the collection expands in 2025 with the addition of the stool, available in two heights.

Istruzioni di uso e manutenzione

Clean all parts in wood, leather, fabric and metal with a damp cloth or a diluted neutral cleaner. Do not use cleaners with alcohol, bleach, solvent or abrasive products. Any liquid spilt on the product must be wiped up immediately.

When lifting or moving the product, hold it on the structure and not under the seat. The product should not be subjected to unbalanced weights, as it is designed for a proper rest on the foothold (on four legs or on the base).

Avoid any improper use of the product: do not step on the product, on the footrest or on the armrests. Do not expose the product to weather conditions or atmospheric agents, nor to heat sources over 40°C. Also products for outdoor use could be afflicted by atmospheric agents.

An appropriate and frequent maintenance and cleaning of the product enhances its durability. The product could change colour and shade, if exposed to direct sunlight. Once the product has been dismantled, the product itself or its components must be given to the public garbage disposal system, according to the legislation in force.
