ORI

2020

Openness, energy and us finally together. ORI, the beautiful new table by Romano Marcato, celebrates a return to the fluid and dynamic pace of life. Every place, whether a home, café, lounge, museum or library, welcomes our creativity. And everywhere, ORI transforms the need for connection into an original and contemporary graphic detail. The aesthetic appeal of its line is enhanced by the table legs, which hide cables and sockets in a secret gap created where the wood and metal are joined. It comes in two heights, 108 cm and 74 cm. Combined with the amazing Lapalma collection of stools and chairs, this large table, with a wood or Fenix top available in a rectangular, square or round version, instantly reveals its genuine, practical and elegant character. As you get closer, you can feel that serenity arising from the perfect blend of nature and technology.
