UNO

Francesco Rota | 2016

It has such an original character that it transforms and happily remains the same. With its minimalist versatile design, the UNO chair is part of a system, intended for different roles and moments in the office and the home. The seat is the standard feature, whereas the backrest varies: high for the executive version for maximum back support, and lower for relaxing in any environment. Colours, materials and base supports provide countless options. What remains unmistakable is the simplicity of a great idea.

Istruzioni di uso e manutenzione

Clean all parts in wood, leather, fabric and metal with a damp cloth or a diluted neutral cleaner. Do not use cleaners with alcohol, bleach, solvent or abrasive products. Any liquid spilt on the product must be wiped up immediately.

When lifting or moving the product, hold it on the structure and not under the seat. The product should not be subjected to unbalanced weights, as it is designed for a proper rest on the foothold (on four legs or on the base).

Avoid any improper use of the product: do not step on the product, on the footrest or on the armrests. Do not expose the product to weather conditions or atmospheric agents, nor to heat sources over 40°C. Also products for outdoor use could be afflicted by atmospheric agents.

An appropriate and frequent maintenance and cleaning of the product enhances its durability. The product could change colour and shade, if exposed to direct sunlight. Once the product has been dismantled, the product itself or its components must be given to the public garbage disposal system, according to the legislation in force.
